PRESS RELEASE: North Country Food Bank, Inc. distributes food under the Commodity Supplemental Food Program (CSFP).

Crookston, MN – September 1, 2009

North Country Food Bank, Inc. proudly announces its continued commitment to serve those in need in northwest Minnesota. As part of this commitment, North Country will now distribute food under the Commodity Supplemental Food Program (CSFP).

As part of this program, North Country provides a 35-pound box of nutritious food each month to income-eligible pregnant and post-partum women and children up to the age of six through the Mothers and Children Program (MAC), and to low income seniors 60 years and older through the Nutrition Assistance Program for Seniors (NAPS).

North Country can distribute approximately 1,800 boxes of food as part of this program each month. This program is crucial for low income seniors and young children in our service area. It provides a nutritious assortment of foods to participants at no cost.

This program would not be possible without the assistance of North Country's fantastic volunteers at over 14 main distribution sites and 20 distribution sub-sites. It is an excellent example of neighbors helping neighbors.
